The SEIKO website is designed to provide customers, retailers and consumers with instant access to information about SEIKO. Log onto [www.seiko.com.au](http://www.seiko.com.au) and click the following links to find out all there is to know about the world's leading watch manufacturer.

**Products** – Learn more about the SEIKO Premium Collection or explore the entire SEIKO product range.

**Support** – Designed with retailers in mind, this section provides service information, instruction manuals you can download and 'frequently asked questions' to aid in trouble shooting, procedures for sending back repairs for prompt and efficient service.

**About Us** – Discover SEIKO's history from humble beginnings in 1881 and the rise that carried SEIKO to new heights and international renown. Learn about corporate structure, global networks and SEIKO's extensive involvement in sports timing.

**Corporate** – This section outlines specialised services that include the printing of company logos on the dial of a watch or clock, engraving and personalised messages, as well as customised packaging and more.

SEIKO will continue to grow and evolve and so, too, will [www.seiko.com.au](http://www.seiko.com.au), so keep checking for regular updates. Please send any comments you have to [info@seiko.com.au](mailto:info@seiko.com.au), all feedback is welcome.

WIPING LIGHT BROWN COLOUR	Colour
WESTMINSTER/WHITTINGTON, CHIMES ON THE HOUR/QUARTER HOUR	Features
33 X 23.3 X 11 CM	Dimensions (height, width, depth)
C (ALKALINE) X 1	Battery type and number

# SEIKO EMBLEM

## SEIKO EMBLEM. YOUR HOME DESERVES NOTHING LESS

Seiko Emblem clocks are new to the international market, but have been firm favourites in Japan since the first collection was created in 1989. The original idea behind the collection was straight forward. A clock for the house should be much more than a way of telling the time; it should be a design choice that adds to the atmosphere and beauty of one's home. With this inspiration in mind, Seiko's designers set out to create a collection that combined refined design with the finest in materials. Seiko Emblem was born.

Today, Seiko Emblem offers to the international market a collection that comprises clocks for the mantel piece and the wall, all of which have the essential characteristics of Seiko Emblem in common; unflinching commitment to quality, impeccable taste, restrained design and the very finest materials and finishes.

THE FOUR SEASONS 'SPRING'  
KANON

## SPORTS TIMING & SPECIALTY CLOCKS

The world over, people have come to rely on the expert time keeping of SEIKO. Whether this be a major sporting event like the IAAF Championships which SEIKO have timed since 1987, or a Landmark clock, such as the Waco Department store in Japan, SEIKO has a timing solution for any need.

The extensive range of Sports Timing Equipment, and Landmark Clocks are now available in Australia.

Both catalogues can be found on our website  
<http://www.seiko.com.au/pr-media/sports-timing>

For more information or a quote email  
[specialisttiming@seiko.com.au](mailto:specialisttiming@seiko.com.au)

TERM	DEFINITION
<b>Anniversary Clock</b>	A traditional type of mantle clock with a rotating pendulum encased in a glass dome. The name comes from mechanical movements, which needed winding once a year.
<b>Ascending Alarm</b>	An electronic alarm which starts off softly and gradually becomes louder in stages.
<b>Carriage Clock</b>	A traditional type of mantle, desk or table clock characterised by having a handle on top. Originally a functional feature, the handle is now most often ornamental.
<b>Cloisonné</b>	An intricate process in which a skilled craftsman creates a highly decorative design. A copper plate is deeply etched with the artist's pattern. Silver plating is bonded to the raised surfaces and polished. Then, special enamel paints are applied and fired in a kiln several times to achieve a hard, glossy surface.
<b>Dual Chime</b>	An electronic clock movement that can be set to select one of two chimes. These are most commonly Westminster/Whittington.
<b>Dual Time Feature</b>	Two different time zones are displayed on the clock dial. These dials can be a combination of two separate analogue subdials or an analogue digital subdial.
<b>Easy-To-Set</b>	Front Rotating Alarm ring or "bezel" around the clock dial can be rotated to easily set the alarm time. This is the most convenient alarm setting feature available.
<b>Electro Luminescent (EL)</b>	A bright blue-green panel lit by current from the battery, at a press of a button.
<b>Light Sensor</b>	A device that automatically disengages all alarms and melodies when there is no available light. Light sensors are available in some mantle clocks and wall clocks with chimes or musical movements.
<b>LED</b>	Light-Emitting Diode is an electronic semiconductor device that emits light when an electric current passes through it.
<b>Luminous Hands and Markers (L)</b>	Markers on dials or hands glow in the dark for a period of time.
<b>MDF</b>	Medium Density Fibreboard is an engineered wood product formed by breaking down softwood into wood fibres and combining it with wax and resin to form panels by applying high temperature and pressure.

TERM	DEFINITION
<b>Night-time Silencer</b>	A mechanism featured in a chime clock that automatically shuts off the chime at 11:00pm and resumes functioning at 5:45am.
<b>Regulator</b>	The pendulum of a clock, which originally served the function of “regulating” a mechanical time-keeping mechanism, it is now a popular ornamental feature.
<b>Rotating Pendulum</b>	An ornamental pendulum that moves in a circle, stops, and then rotates in the opposite direction, or rotates in a continuous circle.
<b>School-house Clock</b>	A traditional style wall clock featuring a long rectangular wooden case with a pendulum.
<b>Skeleton Clock</b>	A “see through” design that exposes the clock movement wheel assembly to view. There is usually a sub-second hand.
<b>Snooze Alarm</b>	This alarm, once stopped, allows for three to five minutes additional sleep before the alarm resumes sounding.
<b>Step Second Hand</b>	Unique to quartz clocks, this “start-stop-start” motion precisely measures time in one second intervals.
<b>Sweep Second Hand</b>	The second hand moves in one continuous motion and has the advantage of being extremely quiet while operating.
<b>Tambour</b>	This is a traditional style whose name is based upon its resemblance to a small drum-like tambourine.
<b>24 Hour Time</b>	Also known as military time. To convert 12 hour time to 24 hour time add 12 to any PM time. For example: 2:00pm is 12 + 2 or 14:00 in 24 hour time. To convert 24 hour time to 12 hour time, subtract 12 from 13:00 through 24:00. For example: 14:00 in 24 hour time is 14 - 12 or 2:00pm in 12 hour time.

SEIKO's dedication to quality extends throughout its service network in all corners of the world, extending the same dedication to excellence and the highest quality service to SEIKO customers everywhere.

For over 100 years SEIKO has stood for quality – in manufacture, design and service. Today, our SEIKO

service centres strive to offer the highest standard of after-sales service and ensure lasting consumer satisfaction. In the Oceania Region, SEIKO Australia Pty Ltd has a network of branch offices, service centres and authorised service agents throughout Australia, New Zealand, Papua New Guinea, and the Pacific Islands.

### SEIKO **3** YEAR GUARANTEE

All SEIKO watches and clocks are covered by a 3 year guarantee. The guarantee covers defects in the material and workmanship from the date of purchase. As a SEIKO authorised dealer it is your responsibility to correctly fill in the guarantee with all the information required.

For service, repairs and spare parts enquiries, please phone 1300 363 575 or email [service@seiko.com.au](mailto:service@seiko.com.au)
